Julio met me at the Jim McLean Golf School at 7 AM with a bright smile and ambition to make me into a better golfer. I am a five handicap and he made some extraordinary changes. His kindness throughout the lesson makes me want to come back and take more lessons from him. I learned a great deal from him and I highly recommend him to anybody who wants to learn the game as a beginner to a low handicap. I cannot thank him enough for the time that we had together. I look forward to the next time.

★★★★★,

I was at Jim McLeann's Biltmore in Coral Gables last week. For 3 days I was guided by Lead Master Julio Nutt. It was 14 hours of training, theory and good fun. Julio is a fantastic professional, great teaching skills and a very pleasant and helpful guy. Thank you, Julio, for your patience and those 3 days of good golf!

Julio Nutt's experience is unparalleled. From the grip, to swing mechanics, is by far the best and most effective path to better your golf skills. No need to try lesser options that at the end are far less productive.

Julio Nutt was the lead instructor at the 2-day Jim McLean golf school that I recently attended. Julio's ability to identify and correct the flaws in my golf swing was exceptional. Julio utilized video analysis and hands on instruction and covered everything from driver to putter. He was very approachable and was a pleasure to work with. It was a very productive 2 days and I highly recommend Julio Nutt as a golf instructor.

My experience with Julio was amazing. I had a short lesson several months ago and got so much out of it! I recently returned for a more intense 2-day session and cannot believe how much I learned. His theories and approach to learning fit very well with mine. I cannot recommend him more highly as a coach who will advance your understanding of the golf swing and performance on the course. I have been a student of the game for a number of years and can honestly say my time with Julio was revolutionary for me. Thank you Julio!

Julio is a tremendous teacher. I've taken many lessons from many pros who chose to work within my existing mechanics to make minor tweaks that led to quick but insignificant improvements in my game. Julio committed the time over three days to teach me proper techniques that will (and already have) lead to meaningful improvements in my game. Others settle for a quick fix. Julio committed himself to helping me make real changes for significant and sustainable improvement. Spend time with Julio, and you will get better.

I've worked with several golf instructors, and Julio is by far the best. He explains things in a simple, clear way that makes sense, and he doesn't try to force everyone into the same "cookie-cutter" swing. Instead, he takes the time to adjust his teaching to fit your individual swing and background. As a former baseball player, I really value how he helped me transition my swing from the field to the golf course. If you're a former baseball or softball player looking to make that adjustment, I can't recommend Julio enough.

Julio is the man! What an amazing teacher and coach, I just spent 3 days with Julio down at the JMGS and it was a fantastic experience. I'm a 15, good striker but looking to take the next step. Julio first changed my grip and spent the time to coach me through the awkward first feel of a short lead thumb. The result is an easier to release club, easier slotting, less grip pressure needed. Then Julio checked my alignment, I like to aim right with the body and draw it but he challenged me to have a square face, less shaft lean. Again, it's awkward to the eye, but he's right there coaching you along. Julio showed me through video that my head was moving too much, that I needed to get my head behind the ball on drives. Pelvis forward with Right ear to the ground. On the putting green was the biggest improvement. Julio introduced me to a new grip utilizing my left pointer finger to cover my right fingers. Club handle more towards the hands main line. It allowed me to have an easier time utilizing my lead forearm in the putter stroke. He showed me I dragged the heel of the putter and showed me how to stamp the ground to make sure I was on the putter's center. I even won the putting contest at the JMGS. Played 9 holes with him and it was a great on course lesson. Julio is fantastic, you can really tell how 20 years of teaching has helped him relate to different golfers and their needs. Can't wait to use him again, don't hesitate go get fixed by Julio.

★★★★★,

April lessons with Julio Nutt were terrific. I spent 4 hours with Julio over two days. He takes great care in understanding your individual needs and offers strong coaching on how to improve your game. While it will take some work to onboard his advice on my iron play, he helped me straighten out my drives and add some thirty yards of driving length. We also worked on chipping/short game. I'd highly recommend Julio to anyone searching for strong individual assessment and improvement opportunities.

Julio was absolutely amazing. Spent an hour with him. He was very good at helping me simplify my swing mechanics to achieve an issue that was creeping in (shanks). After taking his lessons home with me, I have really seen improvements far more than expected. The shanks were quickly fixed, but his focus on activating my lower body more is paying off huge dividends. Can't wait to go back next time I'm in Miami.

Julio is a great teacher and coach, with expert level knowledge of the game and his methodology is excellent. He has been working with my son for the past year, and couldn't be happier with the results. Golf is based on long term goals and results come in the same form, but in this year, I have seen great results. My son is really happy with his swing and in general with the way he is playing. Julio has been focusing not only on the technical aspect of the game but also on the mental part, and really trying to make him understand that to get the best results you not only have to work and train hard, but also have fun.

I had the opportunity to take a lesson with Julio. We dedicated time to grip. The instructor filmed me, which I had access to the same day, and after watching just five swings, he identified a fundamental improvement. Julio explained the theory, and we put it into practice right there. The next day, I went out to play 18 holes and noticed improvements at all distances. My contact felt pure, and I hit some of my best scores. 10/10, I highly recommend him. Julio is a pro!

A friend and I did an intensive two-day private lesson with Julio and do not regret the time or money spent. Julio went above and beyond during our two-day lesson. He went through the Jim McLean school curriculum, but he offered so much more. If I didn't grasp a concept or wasn't able to make progress in an aspect of my game, he would not stop, including thinking of alternative methods to get the idea and "feel" to click. A professional in the most thoughtful way. His colleague Alex was equally passionate and dedicated to maximizing our experience.

I was taken aback by his holistic approach and depth of knowledge. The instruction was eye opening for me and went well beyond my expectations. I also appreciate the ongoing dialog via the onform app. Thank you, Julio! You are a gentleman and a scholar!

I'm proud to say that I've shared my personal and golfing life with Julio for over 15 years. I started with him when I was 9 years old, and he's been a very important part of my life. We've traveled to more than 5 countries together, representing my country and my individual name. Julio is always attentive to how I'm improving my game, from putting to hitting a low hook shot through the trees or a flop with spin (a Chile shot). Julio understands the swing in a very natural way and is different from all the other instructors I've had. He can heal you without making any major changes, simply by feeling the ground, your body, and connecting it with your thoughts.

Julio is absolutely outstanding, both in his teaching process and in his ability to facilitate change in my game. I worked with Julio as part of the McLean Golf School 3-day program (which I also highly recommend and far exceeded my expectations). I'm a relative novice, but was in a group of players with varied experience - some had been playing for well over a decade, others were fairly new to the game. Julio had a knack for working with both types of players with equal effectively, calmly and patiently explaining not only how to do everything you need on the golf course, but WHY things are done in this way. His instructions are crystal clear and concise. He keeps working with you until you understand, never impatient, always willing and upbeat, and without over-explaining or tiring you out. He makes the game thrilling and fun while teaching you how to take your game to the next level. What impressed me the most about Julio - he's so calm, and so patient. This is a golf pro who was best in class for years, and yet he still treats every student with the same respect and kindness. That meant a lot to me. I HIGHLY recommend Julio. He and the McLean Golf School taught me more in 3 days than I've learned in the last 3 months before them. He was worth every minute I spent learning from him.

I've been taking lessons with Julio, and I can honestly say he's one of the best golf instructors I've ever worked with. Julio is incredibly knowledgeable, respectful, and easy to learn from. His experience truly shines through the way he diagnoses, communicates, and teaches is genuinely remarkable. What sets him apart is his approach. Instead of simply correcting one isolated flaw, he evaluates your entire swing to identify the real cause behind your issues. He doesn't focus on symptoms; he focuses on the source. He's extremely technical yet very intuitive and didactic, and he has a unique ability to explain concepts in a way that instantly clicks. Julio transmits his knowledge with clarity and patience, and he genuinely helps you improve your weaknesses. I truly believe he's going to make me the best golfer I can become. Highly recommended.

★★★★★,

It was a great pleasure to work with Julio Nutt as my golf instructor. Being from Milwaukee, Wisconsin and belonging to a country club, I have worked with many top golf pros in the Milwaukee area. However, when I received a lesson from Julio at Estates of Acqualina within a few minutes, he was able to identify a simple swing thought that allowed for greater compression with my irons as well as better consistent ball striking. My driver ball speed is now consistently 160 mph as well as my divots are consistently now in front of the ball with my irons. Thank you, Julio!

I was very impressed with Julio Nutt as a golf instructor for numerous reasons. He films your golf swing from several angles which many of my previous golf instructors never did. With this information he is able to diagnose the most important flaws. He then begins to correct these flaws in a systematic approach. It may require a grip change or an improved swing path. He is also an excellent bilingual communicator, and tries to improve your swing without making it mechanical. His short game approach was also fantastic. I was very impressed with this instructor and can highly recommend him, you won't be disappointed.

Had a great 3-day golf school at Jim McLean. Julio is a great instructor and was a pleasure working with him!

After having my lesson with Julio, I've noticed my swing feels much better and more comfortable. With these adjustments, I hope to prepare well for the spring season with NSU, and hopefully get better results than last semester.

I have been with Julio for 10+ years and would never change him. Nobody understands the sport of golf in its entirety more than him!

Had the pleasure to take lessons with Julio Nutt at the Estates. Love his approach to Golf instruction and his attention to details without being overwhelming and keeping it simple. He supports his lessons with videos that he takes and pro videos that he shares. I highly recommend him.

Our 2.5-day experience was outstanding. The training facilities and technology were excellent but our instructor Julio Nutt made the experience incredible. His knowledge, and communication skills put a high handicap golfer like myself at ease and in the end, I was much better than when I arrived. Jim McLean and other staff members offer a warm friendly environment that I would recommend to all.

Julio is an outstanding golf instructor—the best! My daughter has been taking lessons with him for over two years, and her swing has improved tremendously thanks to his guidance. He is patient, quickly identifies what needs improvement, and clearly explains how to make those adjustments. We couldn't be happier with the results.
